# WE ARE

DiscoverDownriver.com!

**Thank you for supporting Downriver!**

In 2012, Discover Downriver® arrived on the scene – the first of its kind and often imitated – by launching a dedicated website and Facebook page that showcased the unique charm of the Downriver community. Since its inception, the platform has evolved into the go-to resource for local events and business promotions, attracting a staggering 350,000+ unique visitors annually and garnering over 2 million page views across its extensive 800+ page website.

DiscoverDownriver.com has established itself as a dominant online presence. Its search engine optimization is unparalleled, consistently ranking at the top of Google searches for a wide range of Downriver events, activities, local businesses, and city-specific information.

Beyond our online presence, which includes our website and social media platforms, we also offer two exclusive resources that are extremely popular in Downriver: our unique **MOBILE APP**, available at no cost, and this comprehensive **EVENT GUIDE**.

Stay up-to-date on the latest happenings by exploring DiscoverDownriver.com or download our mobile app from your favorite app store. Additionally, reach us at 734.934.6900 to explore promotional opportunities that can help grow your business.
